Title: Life to the Max Series Introduction

Scripture Reading: John 10:1-18

The fact that Jesus says he comes to give life and life more abundantly means:

1. We are lacking something that only Jesus can provide.
2. The life and abundant life He comes to supply people with is not physical in nature.
3. Jesus is providing something of greater quality to people. It is something we cannot work for. It is something we cannot buy.
4. The life and life more abundantly that Jesus comes to give is spiritual in nature.
