Sermon Series: Life to the Max and Contentment

Scripture Reading: Philippians 4:10-13

The word “content” goes back to the Greek term that meant to be self-sufficient, to be satisfied, to have enough.

1. Contentment comes through confidence in God’s providence—confident that God is in control.
2. Contentment comes when there is satisfaction with little.
3. Contentment is living independent of my circumstances.
