The Resurrection—God's Help for Needy People

Scripture Reading: 1 Corinthians 15:12-28

There are six strong proofs for the resurrection:

1. Jesus' own testimony that He would rise from the dead.
2. The empty tomb and the inability to produce a body.
3. The noticeable difference seen in Jesus' followers.
4. Many eyewitnesses.
5. The truthfulness and credibility of the witnesses.
6. The life-changing power of Christ today.

God came into the realm of time and space to serve us. God came because we needed help.

The most pressing needs we have in life are these:

1. We need to have our sins forgiven and a right relationship with God.
2. We need to overcome death.
