

Sermon Notes

Pastor Jon Cooke

Sermon Series: Christians Connecting In Community

Title: Free to Serve One Another

Scripture Reading: Galatians 5:1-13

1. What is true freedom? It is regaining through Jesus Christ the quality of life God meant for me when He created me, but was forfeited through my sinful rebellion.

Through a personal relationship with Jesus Christ we regain what was lost through our sin. We get life, abundant and eternal. We are liberated from the penalty of sin and power of sin. It is no longer our master.

We are free to become what God intended for us when He created us - people who are in love with God and eager to please Him, serve Him and glorify His Name.

2. What am I to do with my freedom? How am I to use the freedom that I have been given in Christ? In love serve one another.

Serving is the highest and greatest virtue in the kingdom of heaven. The greatest of all will be the servant of all.
